

Notice of Applications for Permits to Drill, Produce, Aggregate and Transport Groundwater from the Bluebonnet Groundwater Conservation District in Austin & Waller Counties

On November 21, 2012, Electro Purification LLC, whose address is 4605 Post Oak Place, Suite 212, Houston, Texas 77027 (the "Applicant"), filed applications with the Bluebonnet Groundwater Conservation District (the "District") seeking permits to drill 3 wells in Austin County and 7 wells in Waller County for a total of 10 wells and to produce from the wells an aggregated maximum amount of twenty million gallons per day (approximately 22,500 acre-feet per annum). The Applicant seeks authority to transport ten million gallons per day for beneficial use by the cities of Richmond and Rosenberg in Fort Bend County outside of the District for municipal purposes only. Additionally, the Applicant intends to apply the remaining ten million gallons per day of produced water to beneficial, non-wasteful use for municipal and industrial purposes within or transported outside the District. Each of the wells would be 20 inches in diameter and completed in the Gulf Coast Aquifer. Production from the wells would be managed in a manner designed to minimize any interference with any neighboring wells completed in the same aquifer. The wells will be located on property in Austin and Waller Counties. The proposed Waller County wells are generally located 36604 Fort Bend County Line Rd., Brookshire, Texas 77423 and the proposed Austin County wells are generally located at 6135 Coody Lane, Sealy, Texas 77476. The coordinates for proposed locations of the wells are as follows:
